## Cushion-Pro Scissors & Shears

- 8½" Cushion-Pro Sidebent Heavy Duty Scissor** Ref: 960-8
- 10" Cushion-Pro Lightweight Tailors Shears** Ref: 990-10
- 12" Cushion-Pro Lightweight Tailors Shears** Ref: 990-12

Thicker high Carbon stainless steel blades precisely honed to razor edges and the best soft feel handles available. The ultimate in comfort, design and performance.

## The Original Soft Grip Scissors

### PROMOTION PACK Ref: 1862

- 1 pair 8½" Soft Grip Dressmaker Scissor** Ref: 1860-812
- 1 pair 5½" Soft Grip Embroidery** Ref: 1864-512

**8½" Soft Grip Dressmaker Scissor** Ref: 1860-812  
Sidebent dressmaking. Knife edge top blade with micro-serrated lower blade to hold the fabric in position for clean, precise cut. High Carbon stainless steel blades & fully adjustable pivot system.

**5½" Soft Grip Embroidery** Ref: 1864-512  
Point point embroidery. Knife edge top blade with micro-serrated lower blade to hold the fabric in position for clean, precise cut. High Carbon stainless steel blades & fully adjustable pivot system.

**9½" Multi-Layer - HEAVY DUTY** Ref: 1889-912  
The shear for those tasks that no other scissors can cope with. Thicker reinforced blades along with knife edge top & bottom will slice with ease through the thickest, toughest & multiple fabric layers. The workhorse of the soft grip family. Uncompromising quality.

**9½" Dressmaker Soft Grip - HEAVY DUTY** Ref: 1890-912  
Thick powerful blades, knife edge top blade and micro-serrated lower blade for fabric holding makes light work of any cutting tasks. Comfort grip minimizes hand & wrist fatigue. Quality high Carbon stainless steel alloy & finishing throughout.

**8½" Soft Grip Pinking** Ref: 1865-812  
Pinking shear. High quality carbon stainless steel alloy, fully forged blades with the comfort soft grip handles. Excellent performer for all fabric types.

## Professional fully forged

**Serrated Sharp Sewing Scissor** Ref: 270SR Available in 6”7”8” sizes  
The very best Sewing scissor available on the market today. Fully forged Nickel plated with Red enameled handles and Serrated lower blade for material gripping & positioning. Will cut through any fabric, multilayers, denims and leathers - the Ultimate performer in forged Sewing scissors.

**8" Left Hand Serrated Scissor** Ref: 271-8SRX  
A Fully Left hand model of the 270SR, same specification, same performance. Sonic Seal Packaging.

**Tailors Shears** Ref: 490  
Fully forged, black enameled handles & blued steel finish available in sizes 8.9,10 & 12 inch models. Again, the most durable Nut & Bolt pivot system along with high performance steel make the 490 the leading model of heavy duty Tailors shears in the Industrial sector.

**Nickel Plated Tailors Shears** Ref: 490NP  
Fully forged, black enameled handles & Nickel plated, available in sizes 8.9,10 & 12 inch models. The most durable Nut & Bolt pivot system along with high performance steel make the 490 the leading model of heavy duty Tailors shears in the Industrial sector.

**Nickel Plated Serrated Shear** Ref: 490NPSR  
Fully forged, black enameled handles, SERRATED lower blade & Nickel plated, available in sizes 8.9,10 & 12 inch models. Again, the most durable Nut & Bolt pivot system along with high performance steel make the 490 the leading model of heavy duty Tailors shears in the Industrial sector.

**10" Left Hand Nickel Plated** Ref: 493-10NPKE  
Fully forged, fully left handed heavy duty tailors shears - another unique model from Mundial. Point point, Double knife edge blades with a Nickel plated finish & black enameled handles. The Mundial stay-set pivot system enables ease of use for this heavy duty shear. Gift Box Packaging.

**Nickel Plated Knife Edge Shear** Ref: 498 Available in 10” 12” sizes  
Fully forged, heavy duty tailors shears with point point blades. Double knife edge finished with a Nickel plating and the handles black enameled. The Mundial stay-set pivot system enables ease of use for this heavy duty shear.

**General Purpose Scissor** Ref: 437 Available in 5”6”7”8” sizes  
Multifunctional domestic type scissor. Ideal for most sewing & snipping tasks for the home sewing enthusiast. A durable scissor made from the finest raw material. Fully forged & Nickel plated finish as standard. Various sizes available.

**7½" Nickel Plated Pinking Shear** Ref: 262 Available in  
Fully forged Nickel plated pinking shears with black enameled handles for durability. Uncompromising performance for the Industrial environment.

**4½ " Chromed Thread Snip** Ref: 801-412 **CURVED TYPE** 811-412  
Fully forged & chromed thread snip. The very best of its kind on the market. The finest Carbon steel is used to manufacture the most durable snip. Sonic Seal Packaging.

### Lightweight Non-Slip Scissors RED DOT

#### 9½" Side-Bent Trimmers Ref: 690-912

Large sidebent trimmers. Knife edge blades manufactured from high Carbon stainless steel with fully adjustable pivot system. Light weight, non-slip polypropylene, ergonomically designed handles minimize fatigue. Light & powerful cutting action.

#### 8½" Dressmaker Scissor Ref: 660-812

Sidebent dressmaking. Knife edge blades manufactured from high Carbon stainless steel with fully adjustable pivot system. Light weight, non-slip polypropylene, ergonomically designed handles minimize fatigue.

#### 8½" Left Hand Multi-Use - Serrated Edge Ref: 661-812SR

FULLY left-handed model of the 660. Identical design, material & quality throughout. Micro-Serrated lower blade to hold material in position for a clean cut.

#### 5½" Embroidery Ref: 664-512

Point point embroidery. Knife edge blades manufactured from high Carbon stainless steel with fully adjustable pivot system. Light weight, non-slip polypropylene, ergonomically designed handles minimize fatigue.

#### 4 1/4" Embroidery Ref: 668-414

Point point embroidery. Knife edge blades manufactured from high Carbon stainless steel with fully adjustable pivot system. Light weight, non-slip polypropylene, ergonomically designed handles minimize fatigue.

#### 4 1/4" Thread Snips Ref: 601-414

Thread snips. High Carbon stainless steel replaceable blades. Light weight, non-slip polypropylene, ergonomically designed handles with finger hole for a sure grip.

### Craft & Kids Scissors

#### 5" Mundial Craft Scissors - HIGH QUALITY 12pc SET Ref: 825

12 Piece Set Contains :  
3 x Zigzag, 3 x Small Wave, 3 x Big Wave, 3 x Zipper

Very High Quality

#### Nickel Plated Safety School/Pocket Scissor Ref: 430

Fully forged & Nickel plated pocket scissor. Manufactured from the highest quality Carbon steel with safe rounded blade ends. Long lasting all purpose crafting scissors.

#### 4 1/4" Safety School/Pocket Scissor Ref: 667-414

High quality, lightweight designed pocket scissor, manufactured with the best Carbon stainless steel and safe rounded end blades. Ideal choice for young kids.

**TC-9000PK**

Deluxe Thread Cutter works for lifetime.  
Forged blades are made from high carbon steel for extra sharp and durability.  
With interval self-opening spring ensures every accurate cut.  
**Complete with Strap and Anti slip cap for storing.**

**E-8812BS**

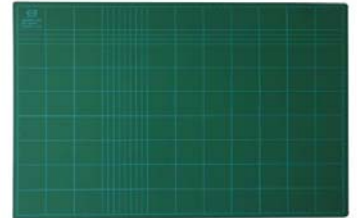

200mm 8" Stainless steel precision ground blades, heat treated for durability, Soft handles larger bottom ring handle for added comfort. Ideal for cutting all kinds of fabric, paper and many other materials.

## CUTTING EQUIPMENT

### CM-90 CUTTING MAT 900x600x3mm

- . Non-slip safety working surface.
- . Leaves no visible cutting traces.
- . Double sided illustration used for cutting and writing.
- . Self-healing feature prolongs the life of mat.
- . Heavy duty with sandwiched materials

### RC-930

- . Size: diameter 45 mm
- . Ideal for fast, comfortable and accurate cutting of a
- . Variety of craft, sewing and quilting materials.
- . Perfect for cutting straight and curved lines through
- . Single or multiple layers.
- . Ergonomically designed with safety lock

### RC045A

- . Size: diameter 45 mm
- . Contoured handle design with soft cushion for comfort holding.
- . With safety guard on the blade section.
- . Retractable blade is safe to use and to store.
- . The convenient locking device at the fingertip is easy to manage.

### RC045B

- . Size: diameter 45 mm
- . Contoured handle design with soft cushion for comfort holding.
- . With safety guard on the blade section.
- . The convenient locking device at the finger tip is easy to manage.

### RC028B

- . Size: diameter 28 mm
- . Contoured handle design with soft cushion for comfort holding.
- . With safety guard on the blade section.
- . The convenient locking device at the finger tip is easy to manage.

### RB001/003 BLADES 45mm and 28mm

- . Blades are high carbon steel punched and hardness to 57 degree.
- . Sharp blades along with durable edge.
- . Each blade packed in a clam shell blister card for easy storage.
- . various cutting patterns

## BATTERY CUTTING EQUIPMENT

### EC-10

Mains and Battery Scissor Cutter - 240 Volt - Comes with, All-purpose blade for straight, quick cutting, Shoe Blade for patterns and fabric, Rechargeable DC Battery, AC Adapter, Charger, Transformer with Power Cord

### EC-360

Cordless Electric Shear Round Knife Cutter (60mm)  
1 hour fast battery pack charger with automatic switch off control.  
Adjustable guide together with blade guard provide proper settings for varying cutting thicknesses. Easy and accurate cutting of edges, with special parallel cutting guides. Tool comes with battery and a charger

## **Suprena MAINS CUTTING EQUIPMENT** **Suprena**

### HC-1007A

Small hand held cloth cutting machine with round knife blade and carbide tipped bottom blade for scissor like precision cutting.

- . Small 50mm round blade
- . Stationary carbide counter blade for fine cutting
- . Built-in one touch automatic blade sharpener
- . Double insulated motor for electrical protection
- . Easy hand grip for better cutting maneuverability
- . Micro switch hand lever for easy operation
- . 230V 50Hz

### HC-2007A Economy

Small hand held cloth cutting machine with round knife blade and carbide tipped bottom blade for scissor like precision cutting.

- . Small 50mm round blade
- . Stationary carbide counter blade for fine cutting
- . Built-in one touch automatic blade sharpener
- . Double insulated motor for electrical protection
- . Easy hand grip for better cutting maneuverability
- . Micro switch hand lever for easy operation
- . 230V 50Hz

# TAGGING GUNS

## Avery Dennison Mark III™ Pistol Tool Attacher

**For general purpose fastening and tagging,**

Ideal for tagging light to medium weight fabrics such as cotton, cotton twill or corduroy  
Improved ergonomic design - easy squeeze mechanism for operator comfort  
Utilizes the 50 clip fasteners

## Avery Dennison Mark III™ Fine Fabric Pistol Tool Attacher

**Designed with a fine needle to greatly reduce the likelihood of holes and snags.**

Ideal for tagging silk, satin, nylon, elastic, micro fibers, lycra, rayon, polyester, fine linens or infant wear  
Optimized spring tension and short trigger stroke provide smooth operation  
Accepts both the 50 and 100 fastener clips

## Avery Dennison Mark III™ Attacher Needles

# PATTERNS AND MARKERS

## Pattern Master

A specially designed, multi-purpose work aid with all the conventional functions of the Graders Set Square plus some unique features which speed up, and remove, some of the drudgery from pattern cutting. Made from strong, clear Perspex and beveled on its long straight edge. Supplied with basic, easy-to-follow instructions in a protective wallet. Designed by Professor Martin Shoben of the London Centre for Fashion Studies.

43cm (16 3/4 in.) long, 19cm (7 1/4 in.) wide, and 3mm (1/8 in.) thick.  
Available in Metric or Imperial.
